

SAFETY DATA SHEET

1. Identification of the substance / preparation and company.

| 1.1 Product identifier | | |
|---|--------------------------------------|--|
| Product Nr. | CL | .02.0110 |
| Trade name | Ac | etic acid 10 vol. % solution |
| REACH Registrat | tion Number 01 | -2119475328-30 |
| CAS-No. | 64 | -19-7 |
| Identified uses: Re | eagent for analys In compliance w | stance or mixture and uses adviced against sis with the conditions described in the annex to this safety data sheet. The Belgium NV product service. |
| Responsible depa Industriezone "De B-8210 Zedelgem BELGIUM | rtment: AnalytiC Arend" 2 | |
| | | |

1.4 Emergency telephone: 00 (32) 50.28.83.20

2. Hazard identification

2.1 Classification of the substance or the mixture (EG 1272/2008)

Flammable liquid, Categorie 3, H226 Skin irritation, Categorie 2, H315

For the full text of H-sentences mentioned in this Section, see Section 16

For the full text of R-sentences mentioned in this Section, see Section 16

2.2 GHS-Labelling

GHS-Labelling Labelling (REGULATION (EC) No 1272/2008) (EG 1272/2008) Hazard pictograms:

Signal word: Danger :

Hazard statements:

| H226 | Flammable liquid and vapour. |
|------|------------------------------|
| H315 | Causes skin irritation. |

Precautionary statements:

| P280 | Wear protective gloves, protective clothing, eye protection, face protection. |
|--------------------|---|
| P301 + P330 + P331 | IF SWALLOWED: rinse mouth. Do NOT induce vomiting. |

P307 + P311 P305 + P351 + P338 IF exposed: Call a POISON CENTER or doctor/physician.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Reduced labelling Hazard pictograms:

Signal word: Danger :

3. Composition / Information on ingredients.

3.1 Substance

Not applicable

3.2 Mixture

Hazardous Ingredients: Name according to EC directives:

| Component | Cas-No. | Concentration | Classification (REGULATION (EC) No 1272/2008) |
|----------------------------------|---------|---------------|--|
| Acetic acid glacial 99-100% a.r. | 64-19-7 | ≥10%-<25% | Flam. Liq. 3 (H226) Skin Corr. 1A (H314) |

| Component | Reach Number |
|-----------|--------------|
|-----------|--------------|

For the full text of H-Phrases mentioned in this Section, see Section 16.

4. First aid measures.

4.1 Description of first aid measures

General advice

First-aid personnel: ensure self-protection!

After inhalation: Remove to fresh air, seek medical advice.

After contact with skin: Wash off with plenty of water. Remove contaminated clothing.

After contact with eyes: Rinse out with plenty of water for at least 10 minutes with the eyelid held wide open. Immediately call an ophtalmologist.

After ingestion: Never give anything by mouth to an unconscious person. Make victim drink water (two glasses at most), avoid vomiting (risk of perforation!). Immediately call in physician. Do not attempt to neutralize.

4.2 Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labeling (see section 2.2) and/or in section 11

4.3 Indication of any immediate medical attention and special treatment needed

No data available

5. Fire fighting measures.

5.1 Extinguishing media

Suitable extinguishing media

Use water, dry chemical or carbon dioxide.

Unsuitable extinguishing media

Contain escaping vapours with water. Prevent fire-fighting water from entering surface water or groundwater.

5.2 Special hazards arising from substance or mixture

Combustible. Vapours heavier than air. Forms explosive mixtures with air at ambient temperatures. Development of hazardous combustion gases or vapours possible in the event of fire.

5.3 Advice for firefighters

Do not stay in dangerous zone without self-contained breathing apparatus. In order to avoid contact with skin, keep a safety distance and wear suitable protective clothing.

5.4 Further information

No data available

6. Accidental release measures.

6.1 Personal precautions, protective equipment and emergency procedures

Do not inhale vapours/aerosols. Avoid substance contact. Ensure supply of fresh air in enclosed rooms. For personal protection see section 8.

6.2 Environmental precautions

Do not allow to enter sewerage system; risk of explosion!

6.3 Methods and materials for containment and cleaning up

Absorb on vermiculite, sand or a pillow from Chemical Spill Center.

6.4 Reference to other sections

For disposal see section 13.

7. Handling and storage.

7.1 Precautions for safe handling

Keep away from sources of ignition. Take measures to prevent electrostatic charging. Work under hood. Do not inhale substance. Avoid generation of vapours/aerosols. For precautions see section 2.2

7.2 Conditions for safe storage, including any incompatibilities

Closed in a well ventilated place. Recommended storage temperature see product label.

7.3 Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

8. Exposure controls - Personal protection.

8.1 Control parameters

8.2 Exposure controls

Engineering measures

Protective clothing should be selected specificlly for the working place, depending on concentration and quantity of the hazardous substances handled. The resistance of the protective clothing to chemicals should be

Revision date: 04/03/2024

ascertained with the respective supplier.

See section 7.1

Individual protection measures

Immediately change contaminated clothing. Apply skin- protective barrier cream. Wash hands and face after working with substance. Under no circumstances eat or drink at workplace. Work under hood . Do not inhale substance.

Respiratory protections

Required when vapours/aerosols are generated. The entrepeneur has to ensure that maintenance, cleaning and testing of respiratory protective devices are carried out according to the instructions of the producer. These measures have to be properly documented.

Eye protection

Required.

Hand protection Required.

Body protection Required.

Environmental exposure controls

Do not allow to enter sewerage system; risk of explosion!

9. Physical and chemical properties.

9.1 Information on basic physical

| Appearence | |
|----------------------------|-------------|
| Form: | Liquid |
| Colour: | Colourless |
| Odour: | acetic acid |
| Changes in physical state | |
| Melting Point: | 0°C |
| Boiling point: | 100°C |
| Flash point: | - |
| Self Ignation temperature: | - |
| Mol. Weight: | 60.05 g/mol |
| Density: | 1,01 g/ml |
| pH value: | pH ± 3 |
| Solubility in water: | soluble |
| | |

9.2 Other data

No further relevant information available.

10. Stability and reactivity.

10.1 Reactivity

See section 10.3

Explosion limits:

10.2 Chemical stability

No further relevant information available.

10.3 Possibility of hazardous reactions

Explosible with air in a vaporous/gaseous state when heated

10.4 Conditions to avoid

No further relevant information available.

10.5 Incompatible materials

No further relevant information available.

10.6 Hazardous decomposition products

No further relevant information available.

11. Toxicological information.

11.1 Information on toxicological effects

Acute oral toxity LD50 orl. rat 3310 mg/kg

Acute inhalation toxity No further relevant information available.

Acute dermal toxity No further relevant information available.

Skin irritation No further relevant information available.

Eye irritation No further relevant information available.

Sensitisation No further relevant information available.

Germ cell mutagenicity No further relevant information available.

Carcinogenicity No further relevant information available.

Reproductive toxity No further relevant information available.

Teratogenicity No further relevant information available.

Specific target organ toxity - single exposure No further relevant information available.

Specific target organ toxity - repeated exposure No further relevant information available.

Aspiration hazard No further relevant information available.

11.2 Further information

No further relevant information available. Further data: Handle in accordance with good industrial hygiene and safety practice..

12. Ecological information.

12.1 Toxity

No further relevant information available. **12.2 Persistence and degradability**

No further relevant information available.

12.3 Bioaccumulative potential

No further relevant information available.

12.4 Mobility in soil

No further relevant information available.

12.5 Results of PBT and vPvB assessment

No further relevant information available.

12.6 Other adverse effects

Do not allow to enter waters, waste water, or soil!

13. Disposal considerations.

Product: Chemicals must be disposed of in compliance with the respective national regulations. Packaging: Chem-lab product packaging must be disposed of in compliance with the country-specific regulations or must be passed to a packaging return system.

14. Transport information.

| Land Transport (ADR/RID) 14.1 UN number 14.2 Proper shipping name | UN 2790 Acetic acid solution |
|---|---------------------------------|
| 14.3 Class | 8 |
| 14.4 Packing group | III |
| 14.5 Environmentally hazardous | - |
| 14.6 Special precautions for user Tunnel restriction code | no (F) |
| Tunnel restriction code | (E) |
| Inland waterway transport (ADN) | |
| Not relevant | |
| Air Transport (IATA) | |
| 14.1 UN number | UN 2790 |
| 14.2 Proper shipping name | Acetic acid solution |
| 14.3 Class | 8 |
| 14.4 Packing group | III |
| 14.5 Environmentally hazardous | - |
| 14.6 Special precautions for user | no |
| Sea Transport (IMDG) | |
| 14.1 UN number | UN 2790 |
| 14.2 Proper shipping name | Acetic acid solution |
| 14.3 Class | 8 |
| 14.4 Packing group | III |
| 14.5 Environmentally hazardous | - |
| 14.6 Special precautions for user | no |

14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not relevant

15. Regulatory information.

15.1 Safety, health and environmental regulations/legislation speficic for the substance or mixture For this product an assessment was not carried out.

15.2 Chemical Safety Assesment

16. Other information.

The information and recommendations in this MSDS are to the best of our knowledge, information and belief accurate at the date of publications. Although outmost care has been taken in the composition of this text, the publisher cannot be held responsible for any damage resulting from any possible error in this publications.

Full text of H-Statements referred to under sections 2 and 3.

- H226 Flammable liquid and vapour.
- H314 Causes severe skin burns and eye damage.
- H315 Causes skin irritation.
